MaxFire Blaze5

PS3/PC Vibration Game Pad

MaxFire Blaze5 is the latest game pad from Genius and features 12 programmable action buttons for PC and PlayStation 3. MaxFire Blaze5 features the new XInput standard for games on Windows. Most of the latest released games that support gamepads use the XInput standard so you don't have to configure the buttons. The ergonomic, streamlined shape fits your hands and gives your fingers perfect support, which improve your game control. The Turbo function provides auto repeat, which is great for shooting and action games. Now, plug MaxFire Blaze5 into your PC or PlayStation 3, and get yourself ready to begin a battle immediately.

Features:

- Compatible with PC/PS3 systems.
- XInput for convenient use
- Dual motor provides real vibration effects such as hits, explosions or crashes.
- 8-way D-pad, 12 programmable action buttons, two analog sticks
- Ergonomic design delivers comfortable playing experience
- Turbo function for auto repeat, great for shooting in action games
